Fairport to be Host For Midget Play-Offs

The best of the area Little League players, representing Fairport, East Rochester, Webster, Penfield and Pittsford, will be seen in action at the Fairport Little League ball park for four days starting July 18,

announces William Guarino, Fairport Little League president. All-star teams have been selected from each of the area Little Leagues to compete against each other for the area championship. The Fairport Little League will be host to the various teams competing during the four-day tournament.

All games will be played in the evening beginning at 6:30 p.m. sharp. "A large spectator attendance is anticipated," indicated Guarino, "and extra facilities such

as bleachers and an enlarged parking area are being added to accommodate the crowds. "We are happy to announce that admission will be free to all games," added Guarino.

The above boys have been chosen from the six teams of the Fairport Little League by their coaches because of their excellent all-around team play and sportsmanship. "Fairport will be well represented and give a good account of itself," Guarino emphasized.

The tournament starts Monday evening at 6:30 p.m. with Pittsford versus Penfield. Tuesday night at the same time, Fairport will play their arch rivals from East Rochester. "This traditional rivalry, alone, will be one of the climaxes of the tournament, and should be well-attended," Guarino said.

On Wednesday night, Webster, which has drawn a bye for the first two nights, will play the winner of Monday night game between Pittsford and Penfield. On Thursday, July 21, the two winners of both the Tuesday and Wednesday night games will play the final play-off to decide the area winner.

The winner of the area No. 1 tournament (Rochester) meets the area No. 2 champs on Monday July 25 at the Fairport diamond. The final game scheduled at Fairport will be played on July 27 when the final district play-offs will be decided.

The final games of the District meet will be played at Cobbs Hill on July 29 and a sectional game is set for August 4.

Any games rained out will be played on the following night, setting the entire schedule back accordingly.

Guarino went on to say "It is an honor for the area Little League Committee to designate the play-offs for Fairport, which has one of the best ball parks in the country; but this honor is not without some responsibility. The location of the dugouts must be changed, bleachers put up, and many other details attended to. Arrangements have been made to bulldoze a larger parking area. Every Little League parent is urged to help every night. Saturday afternoon, and all day Sunday to help us get ready."

"Try to help for at least part of this time in order to share the thrill of this big event in Fairport's history," urged Guarino. "Then plan to attend the four play-off games," he added.

Members of the local 4H Club and their parents, will man the soft-drink, pop corn and peanut concession during the play-offs.

Fairport residents are urged to use the parking area at the top of the hill nearer the canal in order to avoid the anticipated congestion in the lower area adjacent to the diamond.

The regular Fairport Little League schedule, temporarily postponed during the All-Star practice sessions and the play-offs, will be resumed Monday, July 25.

Dr. Shaddock Has New Assistant

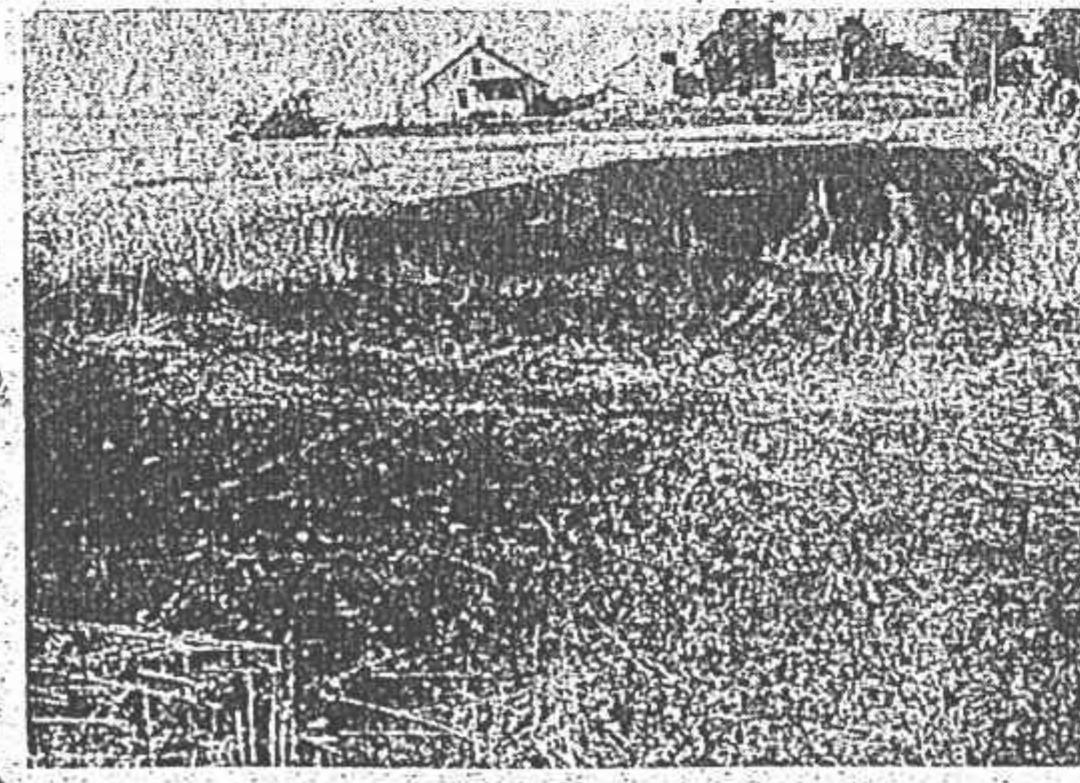

Harvie A. Bull D.D.S.

Dr. Harvie A. Bull D. D. S. will be associated with Dr. Warren M. Shaddock, at 53 West Ave., Fairport on July 18.

Dr. Bull is a graduate of Hobart College and the University of Buffalo School of Dentistry. A native of Syracuse, he served as a pilot with the U. S. Air Force in the Pacific theater during World War 2. For the past year he has been in the dental department at the U. S. Public Health Service Hospital, Staten Island.

Mrs. Bull is the former Joan M. Hopwood of Geneva. Dr. and Mrs. Bull have three children, Doris 8, David 6 and Thomas 4.

Fire Can Mean Loss

FARMER'S LOSS In this case was kept at a minimum because the wind was blowing toward the highway. A carelessly tossed cigarette from a passing car could spell destruction of a crop of wheat such as this. Photo was taken on Mosley Circle, south of Fairport.

New Officers Of Fairport Rotary

GUIDING THE DESTINY of Fairport Rotary Club will be these members who assumed office Monday, July 11. Reading from left to right they are: Melvin Rought, director; Milton Yonkers, secretary-treasurer; Harvey Ulrich, director; Robert Wagor, sergeant-at-arms; Lynn C. Holmes, director; Leon Sours, past president and director; Elmer Hartman, president; Howard Foote, vice president. These officers and directors will serve for the 1955-56 season.

Rotarians Hear Speaker On Air Conditioning

N. E. Sheldon, Rochester Rotarian, an air conditioning engineer with the Carrier Corporation, Rochester, was guest speaker at Monday's meeting of the Fairport Rotary Club. He spoke on air conditioning installations in schools, factories, ships, government buildings and homes. He was introduced to the club by Howard Foote, program chairman for July.

Rotarians present from other clubs in this area were: Donald Blum, Charles Smith, John Stevens, Rochester; Walter Nohe, William H. Work, Walter Forman, Earl W. Pace, Chas. J. Coate, Carl Forman, Pittsford; Harland Hofer, East Rochester.

Arthur Quinn, Buffalo, was the guest of Melvin Rought.

The Week," On Radio R. J. Lee, "Citizen of

Perinton Supervisor, Raymond J. Lee, was honored as "Citizen of the Week" on radio station WHEC Tuesday afternoon at 6:30 as part of "Journal of the Air" program.

Mr. Lee was cited for the many outstanding accomplishments he has made in the Republican Party and on the Monroe County Board of Supervisors. His good work on the good roads committee, the public works committee and the water and means committee were also commended.

The program congratulated him for being one of the few men in the history of Monroe County to have produced such a fine continuous record of public service.

Fires Could Have Been Tragedies

Fairport Fire Chief William Dancy, states that persons should be extra careful to prevent fires at this time. Because of lack of rain the grass is very dry. There is also a scarcity of water supply in some areas of the town which seriously hampers fire fighting.

Two fires flared up in this area in the past week which might have meant loss of life and money.

A fire of undetermined origin started in a wheat field owned by Irving Ellsworth on Mosley Circle. Luckily one of the men working nearby had a small fire extinguisher handy, also luckily, the wind was blowing toward the out the blaze and only a small amount of wheat was lost. Chief Dancy stated that it is possible that the fire started from a cigarette carelessly thrown from a passing car.

Another fire in a hay field on Turk Hill Rd., also of undetermined origin, might have become a tragedy if not for the quick action of the firemen. Two youngsters discovered it and their screams brought their mother and neighbors who worked at the blaze with brooms and a garden hose until Egypt Building firemen appeared to finish the job. Water pressure is very low in this area.

Chief Dancy states that we cannot overdo caution in preventing fires as long as the dry weather continues.

Electric Company Planned By L. B. & W.

The L. B. and W. Electric Company, Inc. is planning to build an electric shop and salesroom on the west side of Jefferson Ave. in the commercial zone in the near future.

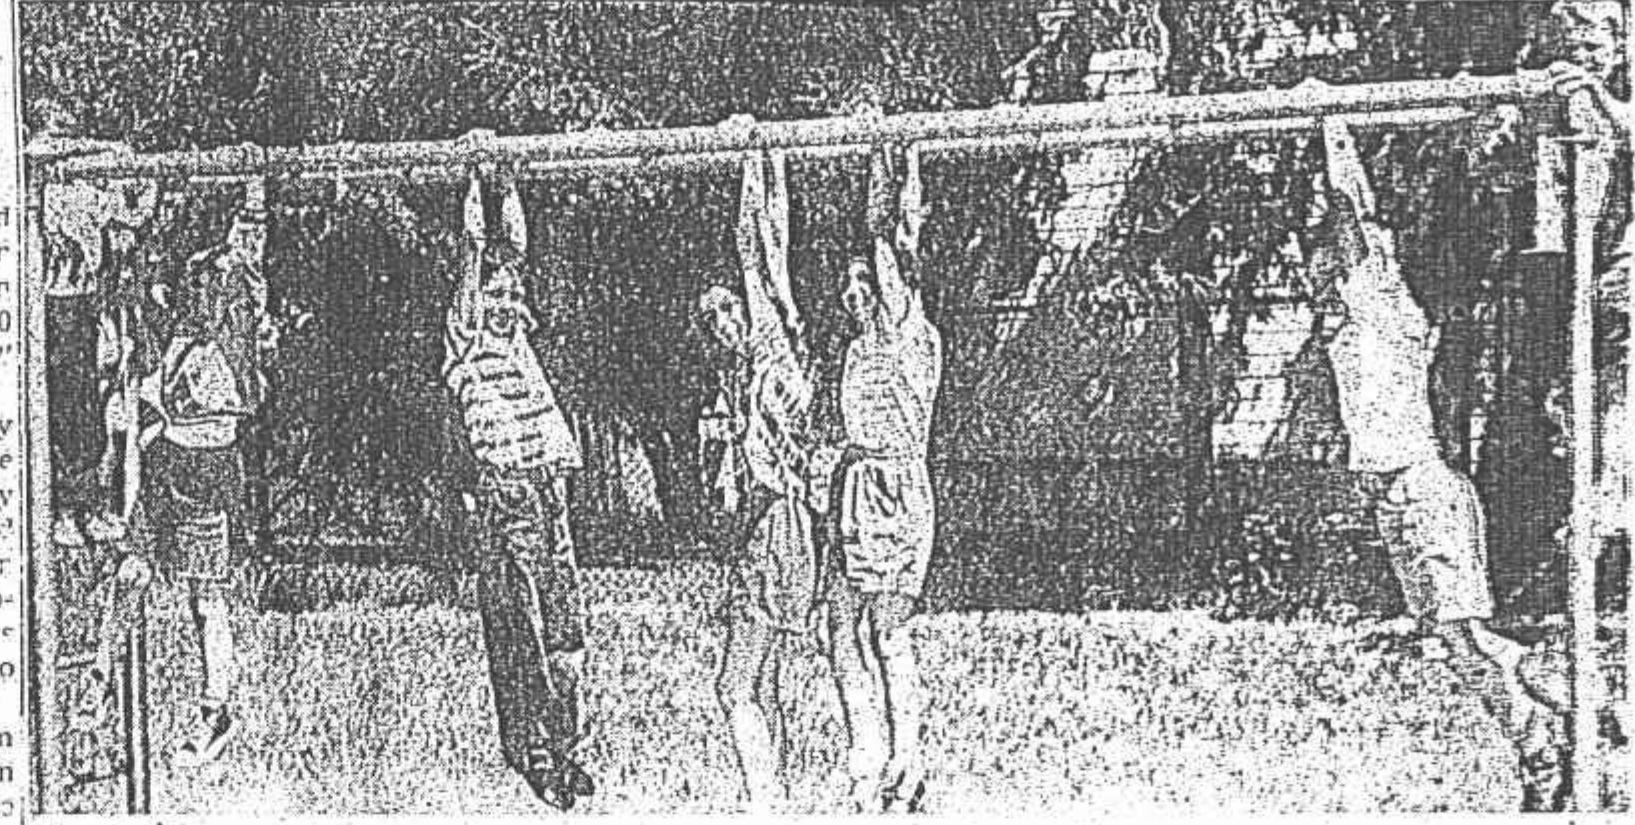

Postpone School Meeting To Aug. 15

Because of irregularities in the advertising of the special meeting scheduled for Tuesday, July 12 it has been necessary to postpone the meeting to Aug. 15. Residents of the school district will vote on the purchase of a \$2,000 lot, acquisition of which was overlooked when the original purchase of the Brooks-Pye property was made.

The property is needed to straighten the boundaries of the site of the new Fairport Central elementary school.

State law requires such notice to be printed four times before an election. The mixup in publishing the legal notice was through no fault of the school board. The Aug. 15 special election will be held in the high school at 7 p.m.

Parades, Davy Crockett, Games Featured At Playground

Citizens To Have Hearing On Appeal

Several residents of Macedon Center Rd., High St., Turk Hill Rd. and High St. extension have made application for a hearing on an appeal concerning the issuance of a permit under the provisions of the Town Zoning Ordinance. The B. R. DeWitt Co. for the construction of a concrete batch plant on the east side of Turk Hill Rd., north of the New York Central Railroad.

The hearing will be held on this matter in the Town Clerk's office in the Municipal Building on Tuesday, July 19, at 8 p.m.

Applies For Permit For Gravel Pit

Frank Scholmaster has applied for a variance in the Town Zoning Ordinance permitting the opening and working of a gravel pit on the north side of Macedon Center Rd., west of Wakeman Rd. in a class C residential zone. A hearing will be held in the Town Clerk's office in the Municipal Building on Tuesday, July 19 at 8 p.m.

Girl, 11 Hit, By Car

Sharon Berger, 11, of 151 So. Main St. was hit when she ran in front of a car on So. Main St. on Tuesday, July 12. Sharon received bruises on the left hip.

Operator of the car was Janet Matz of 200 High St. Ext. Fairport police have issued a warning to all parents to instruct their children to look both ways before crossing a street.

Highway Job to Stay Elective, Say 'Dems'

The Perinton Democratic Committee Tuesday night recalled the platform they presented in the March village election and proceeded to model their coming campaign pledges along the same lines. "We not only pledge a ten-point program to the voters of Perinton," remarked Thomas G. Coffe, Democratic candidate for Supervisor, "but, like the present village officials, we intend to incorporate them into the policy of the new Town Board in so far as is practical."

Town Audit Commended By State

Perinton Town Officials have received a welcome pat on the back from the State Department of Audit and Control as a result of the recent regular examination of Town fiscal affairs for the years 1953 and 1954.

The examination covered the Town of Perinton and also the Consolidated Health District. In its summary of recommendations on Town government, the State Examiners made the following statement: "Although this report contains various constructive suggestions relative to procedure, a review of the activities falling within the scope of this examination indicates that the officials of this municipality are to be commended for the competent discharge of their fiscal duties."

Members of the present Town Board are: Raymond J. Lee, Supervisor; Kenneth P. Conway, Norman Dietrich, Harold France, F. Hale Billings, Town Clerks; Charlotte Clapp as Town Clerk; Supervisor Lee and Miss Clapp have announced their re-election this year.

Similar to the Republican platform which was announced last week, the Democrats pledge themselves to work for all the people in the Township without political bias, to conduct meetings during evening hours when most people attend, to adequately inform the public on all matters pertaining to the Town, to appoint an industrial committee and to cooperate with all other units of government.

But the Democrats differed with the GOP in the method of selecting the Highway Superintendent. While the Republicans pledged to make the office appointive and responsible to the Town Board, the Democrats promised to keep it elective and out of the political patronage category.

Following is the complete platform of the Democrats:

1. To work in the interest of every person in our Township and with no political bias.

2. To follow the very commendable procedure now employed in Village Board matters, of encouraging open board meetings at definitely announced times and evening hours when most people can attend.

3. To publicize, now a practice of the Village Board, matters to be considered and actions taken, thus keeping the public well-informed so that any who desire may have a voice in local government.

4. Again following the practice of the Village Board, responsible citizens committees will be established to study and recommend procedures for attracting proper industrial growth with its attendant opportunity for increased employment and broadened tax base. Also to study the most equitable zoning ordinances, improved assessment and other problems attending an expanding township.

5. To trust the wisdom of our citizens in selecting such important officers as Highway Superintendent.

6. To improve standards of equipment and highway maintenance now far below those of adjacent towns.

7. To increase job security benefits of town employees to hold and attract the best possible personnel.

8. To avail ourselves of the advantages of cooperation between all Boards of local units of government, a practice already offered by the Fairport Village Board.

9. To give complete freedom from Party rule to the elected officers of Township in all exercise of their official duties.

10. To make improved management by eliminating unnecessary cost of government and rendering better service.

Police Pick Up Six-Year-Old

A six-year-old youngster was picked up by Fairport police last Friday for stealing a watch out of a mailbox.

When Mrs. Arvid Ellsworth of High St. came home for lunch at 12:30 last Friday she found the wrappings of a wrist watch, which had been sent to the factory for repairs, stuffed in the mailbox with other mail that had been delivered the previous day. She immediately called the Fairport police.

The officer questioned several persons in the neighborhood as to whether they had seen any strangers around. Some stated that they had seen the little boy, who lived in another part of the village, lurking around. After a few hours search the officer located the boy, recovered the watch and returned it to the owner late that same afternoon.
